Matching Gift Program

Honda's Community Support Philosophy

An important part of Honda philosophy is to be valued as a member of the community, and to effectively participate in advancing our communities socially, economically and educationally. A significant portion of this philosophy is devoted supporting the communities in which our associates live and work.

Honda of America Mfg., Inc. (HAM) has established a Matching Gift Program to recognize associates' support to nonprofit charitable organizations within their communities.

Matching Gift Program

HAM will match donations 50 cents on the dollar to eligible organizations. The minimum associate donation that will be matched is \$25. The maximum personal donation that will be matched is \$500. (For example, if you donate \$500 to an eligible organization Honda will donate \$250.)

You may donate to as many eligible, non-profit organizations as you desire in a fiscal year (April 1 – March 31), but the maximum total of your donations matched by HAM cannot exceed \$500.

All gifts must be personal monetary contributions from the eligible associate and must be paid by cash, check or credit card. Associates must supply proof of the donation to the recipient organization on the application. Your proof of donation may be an official receipt from the organization, a copy of your canceled check, or a copy of your credit card receipt.

Associate Eligibility Requirement

To be eligible for the HAM Matching Gift Program, the donor must be a regular, full-time or part-time HAM associate and must have worked at HAM for a minimum of three months.

Organizations Eligible for Matching Gift Support

Graduate and professional schools, four-year colleges, two-year junior or community colleges and technical/vocational institutes that support adult education needs of the community. They must be:

- Accredited by an accreditation agency as a degree-granting institution;
- Accept students without regard to sex, race, ethnic origin or religious preference;
- Qualified as a charitable organization by the Internal Revenue Service (nonprofit and tax-exempt);
- Located within the United States or one of its possessions;
- Limitations: all gifts to educational institutions must be used only for educational purposes, and may not be used for memberships, alumni dues, tuition or athletics.

Arts and cultural organizations that benefit the community if they:

- Are nonprofit and charitable, and have received from the Internal Revenue Service a letter, which determines their nonprofit, tax-exempt status. The numerical code of this letter is 501(c)(3);
- Are incorporated and operate within the United States.

Administrative Conditions

A separate application must be completed for each Matching Gift. Honda of America must receive the completed Matching Gift application from the recipient institution **no later than 90 days** after the date of the associate donor's gift. A gift will not be matched unless the organization has received a Final Determination Letter from the IRS approving their not-for-profit, 501(c)(3) tax exempt status. An organization in the Advanced Ruling Period **is not eligible** for a Matching Gift.

HAM reserves the right to amend or end this program at any time. If this were to occur, donations made before the applicable amendment or termination date would be matched according to current program terms.

The eligibility of the nonprofit, tax-exempt charitable organization to receive a Matching Gift will be at the sole discretion of the Honda of America Foundation Board which reviews all Matching Gift applications.

Funds will be distributed on a continuous basis and the associate donor will be advised in writing if the request has been approved or denied and why.

Matching Gift applications must be used as provided. To obtain an application, contact Corporate Affairs or stop by Administration. If you have any questions, please call Corporate Affairs at (937) 645-8733.

Organizations Not Eligible for a Matching Gift

The Matching Gift Program does not cover organizations ineligible for contributions under any state or federal law, primary or secondary schools, political organizations or think tanks, fraternal or veterans' organizations, humane or religious organizations, organizations conducting education and/or research to find a cause and cure for a specific disease or illness, hospitals, and nursing or convalescent homes.
